The future of lighting is here! Where are you?

According to Navigant Research, global market revenue for IoT lighting is expected to grow from \$651.1 million in 2017 to \$4.5 billion in 2026. The Indian LED industry recorded a revenue of ₹ 20 billion in 2013, which jumped to ₹ 120 billion in 2014 and is expected to reach ₹ 370 billion by 2020 (Source ELCOMA).

LED Expo is the sole platform in India bridging the gap between the lighting industry and its consumers. To highlight the **next-gen** technology we are introducing **"FutureZone"** an excellent opportunity for you to showcase, educate and market the best of your cutting edge products, technologies and services (PoE, IoT, Li-Fi & Wi-Fi) available in this space.

If your products are **Futuristic, Smart, Intelligent & Cutting Edge** you need to be at **FutureZone!**
